

Stewardship With a Human Touch:

Handshake stewardship at the BC Children's Hospital

Join us for a behind-the-scenes look at handshake stewardship rounds at BC Children's Hospital, a novel way of making antimicrobial stewardship interactive, helpful and impactful.

Moderator:

Carsten Krueger, MD FRCPC
Medical Lead, Pediatric ASP, Southern Alberta
Pediatric ID Consultant, Alberta Children's Hospital

Speaker:

Alastair McAlpine, MBChB, FRCPC
Director, PHSA ASP; ID Pediatrician,
BC Children's Hospital

Date:

Wednesday,
March 25, 2026

Time:

10:00 am PT / 11:00 am MT
/ 12:00 pm CT / 1:00 pm ET
/ 2:00 pm AT / 2:30 pm NL

Location:

Zoom registration
required

Learning Objectives:

By the end of this webinar, participants will be able to:

- Describe the key principles of the handshake stewardship model and how it differs from traditional 'antimicrobial stewardship rounds.'
- Discuss the clinical and cultural benefits of relationship-based antimicrobial stewardship at a children's hospital.
- Understand trainees' attitudes towards the handshake stewardship model
- Recognize common challenges in launching and sustaining handshake stewardship and review practical strategies used to overcome them.
