

Join us for an engaging panel discussion on opportunities for AMS in acute care. Panelists tackle questions like: What can be done to start or sustain AMS? What can be done, even with limited resources? This event is suitable for multi-disciplinary stewardship team members, including physicians, pharmacists, nurses, and IPC professionals. Stay for the Q & A!

Antimicrobial Stewardship in Acute Care – What CAN be done?

Date: October 25, 2024
Time: 9:30 am PT / 10:30 am MT / 11:30 am CT / 12:30 pm ET / 1:30 pm AT / 2:00 pm NL.

Learning Objectives

At the end of the session, the participants will have:

- ✓ Knowledge of factors contributing to successful implementation of AMS interventions in acute care settings
- ✓ Understanding of what can be achieved with variable resources
- ✓ Ideas for overcoming common obstacles or challenges to sustainability of AMS in acute care

- ✓ There is no fee to attend, however registration is required.
- ✓ Instructions will be provided following registration.
- ✓ The virtual event will be delivered via ZOOM.
- ✓ The program is not accredited.
- ✓ Session will be recorded and made available on AntimicrobialAwareness.ca/Webinars following the presentation.
- ✓ French materials are available upon request. Contact nccid@umanitoba.ca
