Job Title: Infectious Diseases Specialist / Medical Microbiologist (Part-Time)

Organization: You've Got This Clinic Inc

Location: Ontario (Hybrid/On-site)

Hours: Up to 20 hours/week (flexible)

We are a multidisciplinary clinic in Vaughan, ON focused on urinary tract infections (UTIs), including recurrent and complex cases.

Role

We are seeking an Infectious Diseases physician or Medical Microbiologist to provide consultative care in a patient-centered, innovation-driven practice. Our team includes two experienced physician assistants and allied health professionals, including independent nurse practitioners, a registered dietitian, a clinic director, and a part-time medical director. We use AI-assisted scribing and a patient portal to streamline documentation and patient access to results.

Responsibilities

- Consult and assess acute, recurrent, and complex UTIs
- Interpret microbiology and diagnostic results
- Collaborate on individualized care plans
- Contribute to protocols and quality initiatives

Qualifications

- MD with certification in Infectious Diseases or Medical Microbiology (or equivalent)
- Licensed with the CPSO (Ontario)
- Experience with UTIs/genitourinary infections preferred
- Strong communication and teamwork skills

Additional Information

While Ontario licensure is required, there is an opportunity to provide virtual care to patients outside Ontario, if desired including Quebec.

What We Offer

- Flexible, scalable hours
- Collaborative, low-bureaucracy environment
- Competitive compensation
- Opportunity to shape a growing clinical area

How to Apply

Send CV and brief statement of interest to: hello@ygtdx.com
